

China International Exhibition for All Printing Technology & Equipment

Shanghai, 24 – 28 October 2018

By Om Prakash, Director – InORBIT Tours Pvt. Ltd.

Mumbai, 27th July 2018

China International Exhibition for All Printing Technology & Equipment (7th All in Print China) is one of the most influential exhibitions in China's printing industry with six successful sessions since 2003. Over the past decade, All in Print China has been focusing on the frontier technologies of the world printing industry, not only creating an exhibition platform for the global printing enterprises to promote transaction between suppliers and buyers, but also providing prime opportunities for printing professionals to make international exchanges, and boosting the exchange and dissemination of new technologies, hence being named "**the Oriental Window of World Printing Industry**".

The **7th All in Print China 2018** will have more than 1100 exhibitors, over 76818 visitors from 108 countries in an exhibition space of 120,000 sq. meters

All in Print China is committed to providing new opportunities for innovation and momentum for sustained development of printing industry. China's printing industry is accelerating the pace of development featuring "**green, digitalization, intelligence, and integration**" on its way towards a printing powerhouse. All in Print China shoulders to lead development of China printing industry and promote its technical upgrading, with the purpose of building an integrated platform for exchange and promotion of the new technology, products and materials in the printing and packaging industry. All in Print China is well positioned to make greater contributions to development of the world's printing industry.
