Mumbai, 15th January 2016

CHINAPLAS – The International Exhibition on Plastics & Rubber Industries

The International Exhibition on Plastics and Rubber Industries – CHINAPLAS, is Asia’s No. 1 plastics and rubber show. The 30th edition of CHINAPLAS will take place in Shanghai, China from 25 – 28 April 2016. With an exhibition area of 240,000 sqm, CHINAPLAS 2016 will gather over 3,200+ international exhibitors from 40 Countries with 3800+ machinery on display. It is expected that over 140,000 visitors from over 137 countries will attend the show. With a wide range of advanced and innovative technologies and solutions, CHINAPLAS 2016 will be distinguished platform to source cost effective raw materials and machinery.

Along with the technologies development in the plastic industry continuously, "Innovation, Automation and Green Solutions" become the focuses of the industry. Stepping into its 30th edition, under the show theme "Greenovation for a Smart Future", CHINAPLAS 2016 aims at shaping a future of intelligent manufacturing by exhibiting more innovative technologies and plastics and rubber products. A brand new theme zone "Recycling Technology Zone" will debut in 2016 which demonstrates our determination to promote green solutions.

15 Theme Zones to Facilitate Successful Sourcing of Buyers

The organisers had thoughtfully set up 15 theme zones, which enabled buyers from different industries to visit and search their interested exhibitors more effectively.

- Additives Zone
- Colour Pigment and Masterbatch Zone
- Composite & High-performance Materials Zone
- Extrusion Machinery Zone
- Injection Molding Machinery Zone
- Film Technology Zone
- Semi-finished Products Zone
- Plastic Packaging & Blow Molding Machinery Zone
- Rubber Machinery & Equipment Zone
- Bioplastics Zone
- Chinese Export Machinery & Materials Hall
- Industrial Automation Zone
Scope of Exhibits:
- 3D Technologies
- Ancillary equipment
- Blow molding machines
- Chemicals & raw material auxiliaries
- Extruders & extrusion lines
- Injection molding machines
- Integrated Automation
- Machines & equipment for preprocessing & recycling
- Machinery & plant for finishing, decorating, printing & marking
- Machinery for foam, reactive or reinforced resins
- Measuring, control & testing Equipment
- Mould & die
- Parts & components
- Presses & Welding machines
- Semiinished products
- Others

Application Industries
- Automotive
- Building & Construction
- Chemical & Raw Materials
- E & E, IT & Telecommunications

End Users of Packaging Products (including food, beverage, daily chemicals, etc.)
- General Plastic Products
- Lighting & LED
- Machine Manufacturing
- Medical
- Mould & Die
- Packaging
- Plastic Furniture
- Reuse & Recycling
- Rubber Products
- Wire & Cable
- Others: Toys, stationery, sports goods, hand tools, etc.

Concurrent Events
- Every year CHINAPLAS will organise concurrent events in line with the market trends.
- 70+ Technical Seminars.

Factory visits
Arrangements will be made to visit to a leading Plastic Processing Factory. This will help the Indian visitors to study the working conditions of the Chinese Plastic Industry.

Special Travel Package by In ORBIT Tours Pvt. Ltd., official travel agents in India:
It will not be out of place to mention that In ORBIT Tours Pvt. Ltd., operated one of the largest groups of plastics and rubber industries to Chinaplas 2015. In ORBIT is fully geared to accept the registrations of Indian visitors to Chinaplas 2016, said Mr. Om Prakash. More information regarding Chinaplas 2016 and the special travel arrangements can be obtained from Mr. Om Prakash, Director – In ORBIT Tours Pvt. Ltd., call tel: 022 – 24229281/24389271 or email: omprakash@inorbittours.com
